

## 37. God of glory

---

Here I stand before you  
Before your throne of grace  
To find help in time of need  
To seek your lovely face

God of glory  
God of power  
God of majesty

Father, I come to you  
Through the blood of Christ  
I bring to you an offering of  
a consecrated life

## 118. The source

---

The source of peace, the source of truth  
the answer to my deepest longings  
is revealed in you.

The source of love, the source of love,  
the answer to my deepest longings  
is revealed in you.

Never-ending wisdom and power are found here you are,  
in your hand, in your glorious presence,  
never-ending love is expressed, beautiful comfort received  
when you smile at me
